

**Collaboration For Success: Multilingual Learners and the Special Education Process (3 hrs)**

Audience: Multidisciplinary team members (SSPs, Special Education, General Education, and MTSS team members)

What needs to happen to ensure that Multilingual Learners receive an appropriate continuum of support? All multilingual learners must receive targeted English language development instruction. Dually identified students must also receive specially designed instruction as outlined in their IEP. Who's involved, and what needs to happen to ensure that Multilingual Learners receive an appropriate continuum of support? Join us to learn how all the pieces fit together!
